

HERE'S the POINT

By SPENCE HELD

As a guy who has beaten several typewriters to death over a period of years, I felt right at home during a meeting of the Ocean Beach Kiwanis Club Tuesday night.

There were newspapermen all around me, it being the club's observance of National Newspaper Week; and it was a distinct pleasure to shoot the breeze with them.

Frank Swan, Kiwanis president, is a former publisher of this newspaper. Clyde Wood, who picked up the torch from Swan in 1950, was program chairman.

Swan introduced Mrs. Katherine Rigg, of 4835 Saratoga Ave. She was a special guest and the only woman present.

"I feel like a queen for a night," she said, smiling at the boys she had watched grow up in Ocean Beach. Yes, and she had recorded their youthful activities during the 1920's in the "Beach News."

On Nov. 24, 1922, appeared the first issue of that newspaper, published by Mrs. Rigg (then Mrs. Kirk Smith) and her husband. A copy of the first edition was passed around to the Kiwanians, including Buddy Faber, whose third birthday party was mentioned therein.

The Smiths had the paper until 1928. They were succeeded by Mr. and Mrs. M. D. O'Connell, and in 1931 it was taken over by Mr. and Mrs. Heber Hartvigsen. Hartvigsen, a Kiwanian, was present Tuesday night. He recalled his 13 years of journalistic experience here, and quoted the following as one of the duties of a newspaper:

"To comfort the afflicted and afflict the comfortable."

Swan said that he and his wife became publishers of the paper in 1944; Wood has published it since Feb. 1, 1950.

Point Loma High Sets Open House

"The Parents Go to School" is the provocative theme for an Open House evening at Point Loma High school, Tuesday, October 11, from 7:30 to 9:30, according to Robert F. Heilbron, principal.

This is designed to acquaint parents early in the school year with their children's programs of study and how they are handled in the respective classrooms; just what each teacher requires of the students, and as a general "get acquainted" evening for both parents and teachers.

Cooperating with Principal Heilbron and the faculty will be the board of directors of Point Loma High school's Parent-Teacher association. A social hour will be held from 9 to 9:30 in the new cafeteria.

Working with Heilbron on the plans for this unique evening at Point Loma High school are faculty members J. Milford Ellison, Judson Hawkins, Mrs. Ruth Held, Sgt. Paul Holm, Mary Brown and Wylie Candor.

Parents are urged to avail themselves of this excellent opportunity to better understand their children's programs and their "day" at school.

ROTARY CLUB

Tom Sherrard, patent attorney, will speak on unusual inventions at tomorrow's noon meeting of the Point Loma-Mission Bay Rotary Club in Kona Kai Club. Harry La Dou will be program chairman.

SQUARE DANCE CLASS

A beginners square dance class sponsored by "Sea Squares" will be started tonight at 8 in Silver Gate School auditorium, 1499 Venice St. Ed Berryman is the caller. Registration will be open two more weeks.

TRYOUTS TO BE HELD AT 'U' FOR POPULAR MYSTERY PLAY

The California Western University and Community Players will open their season sometime in November with that popular mystery melodrama, "Night of January 16th."

For the coming season this group of players will present four productions, using for the presentations not only the Little Theatre, but also the Greek Theatre.

The California Western University and Community Players were organized last spring with Carl Glick as director. Casts and

O. B. Kiwanis Elects Wilson As President

Election of Russ Wilson as 1956 president of the Ocean Beach Kiwanis Club and observance of National Newspaper Week marked Tuesday night's meeting of the club.

Clyde Wood, publisher of the Peninsula News, was program chairman. Special guests were Spencer Held, editor of the Peninsula News, and Mrs. Katherine Rigg, first publisher of the "Beach News" during the 1920's.

Frank Swan, Kiwanis president, and Heber Hartvigsen, Kiwanian, both former publishers of the Peninsula News, participated in the program.

First Among Weeklies

Swan pointed out that the Peninsula News placed first among San Diego County weekly newspapers for community service during 1954, in the S.D. Chamber of Commerce press awards contest. This was for its successful campaign against the proposed Point Loma sewage disposal plant and ocean outfall.

In addition to Wilson's election as president, the following other Kiwanis officers were named for 1956: Hal Mills and Ed Peterson, vice presidents;

Hank Voss, treasurer; and Joe Kennealley, Bill Stegeman, Ray Perine, Don Pollock, H. F. Holway, Buddy Faber and Russ Bement, directors.

Milt Lancaster was presented with a 20-year perfect attendance pin.

Local Woman Wins Nat'l Honor For Otonometric Aux.

Mrs. Rose Kuntz, of 1073 Devonshire Drive, who is second vice president of the San Diego County Otonometric society's Auxiliary, this week received word that through her efforts the Auxiliary has just won the national contest for new members in the American Otonometric Foundation, the research unit of the American Otonometric association.

A congratulatory letter was received by Mrs. Kuntz from Dr. William C. Ezell, of Spartanburg, South Carolina, Foundation president, informing her of the honor conferred on the Auxiliary and indicating that a suitable certificate would be forthcoming.

She's Efficient

"Speaking in behalf of our Auxiliary, I am delighted beyond words," exclaimed Mrs. Kuntz, who, before she married Dr. S. Kuntz, a past president of the San Diego County Otonometric society, was the efficient and capable secretary to the San Diego City Council. "We just went about it in a business-like manner, and sent in the new memberships."

Further plaudits came from Dr. D. Le Roy Leatart, of Long Beach, president of the California Otonometric association, who was present at the recent AOA convention in Milwaukee, when the honor was officially announced.

And, the interesting thing about it is that Mrs. Kuntz won the national honor for the Auxiliary while keeping house and caring for a family.

staff for their two productions were selected from not only students and faculty of the university, but also from residents of Point Loma. It is therefore, in a sense, an unique community theatre group as it combines talented persons from the university and also from the community.

According to Glick, the director, "We welcome anyone in the community who is interested in taking part in our plays. And therefore we shall be glad to see all those who wish to help us build on Point Loma a Community Theatre group that will express the ideals of the community, a theatre that belongs to the people."

For further information Glick can be reached at AC 2-6807.

PRACTICE—Movement of a feather held by the audiologist tells the difference between "ooooo" and "whoooo" to this youngster, who is hard of hearing. The San Diego Hearing Society's audiologist helps dozens of children with hearing problems every week. All

told, the 50 Red Feather agencies have 25,000 youngsters on waiting lists today. The current United Success Drive is aimed at taking them off the waiting list by raising enough funds to provide adequate service for all.

Pt. Loma Plays Mission Bay At L. J. Friday

Point Loma High School's fighting football team is scheduled to play Mission Bay High in its first league game tomorrow night, and the word from the Pointer campus is that the boys will go all-out.

The game is set for 8 p.m. at the La Jolla High field. Loma rooters are expected to be there in force.

Head Coach Bennie Edens and Line Coach Hil Crosthwaite, working with a fairly green squad, have molded a team that gave powerful Chula Vista a big scare last Friday before losing, 14-6, at Balboa stadium.

Bill Harvey, Loman quarterback, again pitched a scoring pass to end Fred Jones to culminate a steady march toward the goal early in the game. Jones scored similarly against Lincoln in the recent Football Carnival.

At least four Lomans went both ways—offense and defense—against Chula Vista. These were Sheldon Spicer, center, who backs up the line on defense; Nick Verduco, tackle; Joe Welch, guard, and Jones at end.

ROD & REELERS RACK UP GOOD CATCHES

Promise of good yellowtail fishing right up to Christmas, along with swarms of bonito and following the same pattern cut last year, seemed to be gathering strength this week as rod and reelers racked up good catches of both game species at the Coronado Islands.

Last fall, the better catches of yellows were made in mid-day, and that fact, plus increasingly cold early mornings, led the H. & M. Sportfishers and the Point Loma Sportfishing Association to drop back their regular departure from 3 a.m. to 6 a.m.

Wind and rough water made fishing conditions off the tip of North Coronado Island a bit rugged last Saturday but the boats which rode it out made good hauls of yellows, while those which sought the lee had a field day with the bonito.

Heavy gear anglers also had some real sport with the big black sea bass and three whoppers were landed in one day, the largest a 423 pounder caught by Jack Biffle, Arcadia. Cliff Goudie, 4876 Voltaire, contributed a 355 pounder and Jack Vance, Ocean Beach, a 310.

Catches at the Point Loma and La Jolla kelp beds also held up well during the week, with more than the normal amount of white sea bass taken, some of them as heavy as 35 pounds. Bottom fishing boats also made banner catches of red cod and groupers, giving rod and reelers a choice of any type of winter fishing they may desire.

CAL WESTERN 'U' TO OFFER TWO OPERATIC SELECTIONS

The California Western University Opera Workshop will present two operatic selections Friday, Oct. 21, and Saturday, Oct. 22, at 8:15 p.m. in the College Chapel, according to Dr. Walter Teutsch, director and producer.

Teutsch who is associate professor of music, has been coaching the cast of well-trained local singers for the third act from "Orfeo and Euridice" (Gluck), and "The Impresario" (Mozart) since July when the workshop was opened.

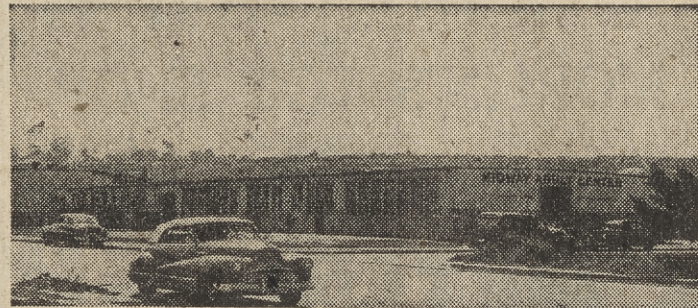

"The Opera Workshop is open to musical talent in the community as well as to our own students who are trained and qualified," Teutsch said. "The

present production, and those which are scheduled for the near future will give them an opportunity to appear in operatic productions under professional direction."

Joanne Regenhardt, of La Jolla, who will sing "Orfeo," was one of the two San Diego finalists who won a San Francisco opera audition last July.

Louise Knapp, of Vista, who will sing "Euridice," last sang in "Faust" for the Opera Guild.

The cast for "The Impresario," a one-act presentation, is composed of well-known local artists. They are: Joseph E. Hitt, Jr.; William Roesch; Frederick Driscoll; Antonina Hargreaves; and Frances Pool.

Peninsula Women Start Success Drive Monday

Women of the Peninsula are will step out 600 strong next week to try to do something for the youth of the community.

Monday morning, volunteer campaigners for the United Success Drive for \$1,735,450 will meet in the homes of drive leaders at 9:15 a.m. They will receive campaign supplies and at 9:30 will get a final briefing by TV over Channels 8 and 10.

Mrs. Harley C. Greaves, 4382 Piedmont Dr., heads the residential campaign in the Peninsula area.

At 9:45 a.m. Monday, doorbells will begin to ring as the campaigners launch a two-day whirlwind drive.

Their goal is to fulfill the campaign slogan, "Take Our Children Off the Waiting List." They will point out to housewives that 25,000 children throughout the San Diego area are now on waiting lists of the

50 Red Feather agencies.

Youngsters are waiting to join youth groups such as the Scouts, the Y's, the Camp Fire Girls. Children are on waiting lists along with their parents for counselling help on personality conflicts, parent-child problems and situations that might lead to broken homes.

The campaigners will explain that our population has grown more rapidly here than Red Feather budgets. For lack of sufficient funds the Red Feather agencies have not been able to keep up with the demand for their services.

Every housewife will be asked to give what she considers her fair share to the drive to provide adequate service for all children alike in San Diego.

Invitations have been sent to organizations and individuals throughout the city to register for space in the exhibit. Since a record number of participants filled the available space last

year, it is necessary to know in advance how many exhibits to expect, the committee stated.

All driftwood enthusiasts who wish to display a choice piece or arrangement are invited. Information may be obtained from the Driftwood Committee at the university.

The Driftwood committee is composed of members of the faculty and administration, wives of members of the board of trustees and representatives of the student body.

CALIFORNIA HIGHWAY DEATHS TO BE ANALYZED AT MEETING

SACRAMENTO, Oct. 6—The explosive issues of vehicle speed and horsepower, super-freeways and enforcement problems will get the full treatment of public scrutiny and expert analysis at the two-day sixth annual Governor's Traffic Safety Conference opening in the State Capitol today.

Automobile makers are being urged to devote more engineering skill to safety and less to speed and power in new car design.

These same sources have brought up the need for greatest possible number of safety factors in design and construction of freeways with full consideration for enforcement of traffic laws.

Solutions to these and many other issues will be sought at the safety conference, in which many of the world's leading authorities on mass transportation will participate.

Particular emphasis will be placed on the new traffic statutes and amendments to the basic Vehicle Code, including the more stringent regulation of commercial vehicles, stricter lighting requirements and the new "yield-the-right-of-way" rules.

Governor Goodwin J. Knight, in calling the conference, noted that it is a sad commentary on California's progress in highway travel that "we have more deaths and injuries, and suffer greater dollar loss than any other state."

"It is our fond hope," he added, "that out of this safety conference will come the knowledge to make California's highways safe for our millions of drivers."

Such innovations as safety belts in passenger cars, bicycle traffic policing, "citizen support" for safety education, radar and motion pictures in law enforcement, also are on the agenda.

S. D. & A. CHARITY DRIVE GETS UNDER WAY TUESDAY
San Diego and Arizona East-ern Railway began its 1955 charity campaign drive Tuesday with an employee solicitation team captains gathered for a "breakfast" at the San Diego

Club. Tom Fielding, traffic manager, and C. M. Eichenlaub, superintendent, were in charge of arrangements.

Last year SD&AE railroaders contributed more than \$2,500 to charity with 88 per cent of the road's 184 employees donating. More than \$1,000 of the total was received by United Success. The railroaders expect to increase their donation total substantially this year.

The first successful test of cable cars in San Francisco was made on Clay Street in August, 1873, according to the National Automobile Club.
